

Template: The Offer Install™

5 4 spots available

This is only a good fit if you know what you need is a high converting offer for your audience - not more courses to watch or generic advice.

I only run my own offers to my own audience and sell them daily.

The good news for you is I will create an offer with you for your audience that I've previously only used to line my own pockets.

We partner by combining your delivery and audience and my offer creation skills and toolkit.

This is me, you & some Google docs and some Zoom time.

Our goal is *at least* \$10k in new revenue.

Michael launched a new offer and made \$37k in 25 days.

Zac scaled to \$31k a month recurring.

Louis built up to 51 active clients.

Results are not typical but there is no cap with the right offer for your audience.

You understand over 12 weeks we install and cashflow **ONE Client Offer generating at least \$10k in sales.**

The world is yours when you solve a specific problem for a specific person that NOBODY else can solve the way you do. You'll be able to set your own prices, set your own terms and sell with far fewer words, less convincing and drastically shorten your sales cycle.

Together we'll not only produce this offer, we'll also get it "cash flowing" using my toolkit.

In **Phase One** we get clear on your ideal market and co-create a Client Offer that gets them a result with the minimum of you. A Client Offer is simply a \$3k-\$25k offer you deliver to a client that doesn't require you swapping your time for money and can be delivered online from anywhere.

We use the Hybrid Offer™ to create simple sales while maximising lifetime value.

Phase Two we cashflow the offer with your audience and we'll work to tap in these new clients.

I'll leave you with an offer and system that you can run every single month.

You understand you are getting direct help in structuring offers and campaigns, retaining customers and clients, campaign triage (when things don't go as planned) and other aspects of cash-flowing the offer to \$10k.

What we do together:

- **Add at least \$10k in cash** re-working an existing offer or creating something new and simple to deliver.
- **Offer Install Call with Me.** We create the offers, campaigns, messages, copy and strategy.
- **The Syndicate.** A private community channel w/direct access to me via message and calls.
- **Access to all my most up to date templates and strategies.** 12 years of strategies. I will give you access to new strategies that are working in my businesses if it meets your specific goals.

Investment?

Your investment uses my Pay As You Profit model that means you keep the majority of the profits we create together

\$5k now.

Then: \$5k when we hit \$10k of sales

I'll even let you finance the initial \$5k over 12 weeks @ \$500 per week.

What do you need to bring?

You're already selling a high ticket offer between \$2k-\$20k, probably via the phone, and you've only sold to 1-2% of your total audience.

You have an email list, Facebook group, LinkedIn connections or Instagram followers with a couple of thousand people.
